Speedy Publishing LLC, United States, 2014. Paperback. Book Condition: New. 274 x 214 mm. Language: English . Brand New Book ***** Print on Demand *****.The Benefits and uses of a Students Weekly Planner Despite what the working individual may think, students are some of the busiest individuals on the planet. Many careerists may argue about that statement, but that is probably because they forgot about their hardships they had when they were studying to be what they are today. This seems to happen a lot. Perhaps the hardships were so tough that it caused them to have insomnia. The tough life of a student should not discourage them from keeping their nose in the books and developing writers calluses on their fingers. A student weekly planner is all they need to keep themselves organized and disciplined through the busiest of days. A student weekly planner can keep them from forgetting about important assignments, homework, quizzes, and tests that may have surpassed their minds otherwise.
