CAMBRIDGE UNIVERSITY PRESS, United Kingdom, 2010. Paperback. Book Condition: New. 228 x 156 mm. Language: English . Brand New Book ***** Print on Demand *****.Never before have so many people ended up in a place different from where they began, something which made the twentieth century a century of migration. Culture is central to the process of migration, yet it is rarely examined in studies of the political economy of labour migration. Originally published in 1992, *From Another Place* explores definitions and understandings of the relations between migration and cultural processes, calling into question the interrelation between circumstance and cultural practice. It is an insightful attempt to move away from the limitations of dichotomous explanations of migration, using the findings of sociology, political economy and literature in the discussion of cultural beliefs and practices. The book is a fascinating, empirically grounded study, useful in its discussion of the dynamics of gender and class as well as those of ethnicity and culture.
